

# Biomedical Electronic Measurements

BME253L (Fall 2025)

## Table of contents

| Module  | Materials                                    | Assessment   | Lab Exercise  |
|---|--|--|---|
| Voltage & Current<br>Series & Parallel<br>Resistance Kirchhof's<br>Laws<br>Ohm's Law & Power  | <a href="#">Introduction to<br/>Circuits</a> | <a href="#">Software Installation<br/>&amp; Tutorials Problem<br/>Set 01</a> | <a href="#">Introduction</a><br><br><a href="#">Ohm's Law &amp; Power</a>   |
| Voltage & Current<br>Dividers Node<br>Voltage & Mesh<br>Current Analysis<br>Thevenin & Norton<br>Equivalent Sources<br>Source Superposition<br>Midterm I (Sep 22,<br>2025)<br>Capacitors &<br>Inductors DC<br>RC/RL Circuit<br>Analysis<br>Complex Impedance,<br>AC Signals, Phasors<br>AC RLC Circuit<br>Analysis Passive<br>Filters Transfer<br>Functions & Bode<br>Plots (Frequency<br>Domain) |  |  | <a href="#">Capacitors,<br/>Inductors &amp;<br/>Oscilloscopes</a><br><br><a href="#">Impedance</a><br><br><a href="#">Filters</a> |

| Module  | Materials | Assessment | Lab Exercise   |
|---|-----------|------------|--|
| Transient Response<br>(Time Domain)           |           |            | <a href="#">Transient Response</a>                                 |
| Midterm II (Oct 08,<br>2025)                  |           |            |  |
| Operational<br>Amplifiers & Active<br>Filters |           |            | <a href="#">Opamps</a>   |
| Transformers &<br>Diodes                      |           |            | <a href="#">Transformers &amp;<br/>Diodes</a>                      |
| Midterm III (Dec 03,<br>2025)                 |           |            |  |
| Wheatstone Bridge                             |           |            | <a href="#">Wheatstone Bridge:<br/>Temperature<br/>Measurement</a> |
| Final Lab Practical<br>(Dec 10, 2025)         |           |            |  |
